

The Bird of Prey & Wildlife Experience

- **Handling sessions**

Ever wondered what birds of prey are really like? Ever wondered what it's like to see them at really close quarters? During a handling session guests will get to hold, touch and fly these incredible birds giving them an amazing experience. Having a large variety of species in our collection enables us to give people the opportunity to meet different owls, hawks, falcons, buzzards and even eagles face to face. Every bird is selected and trained to allow them to both handle and fly them. This activity is available to most age groups.

- **Nose to Beak! - the 1 hour experience**

Handling and flying some of the most amazing birds in existence with our one hour 'nose to beak' experience. Guests come literally nose to beak with birds from the tiny Kestrel to the great Eagle Owl, and work with our falconry staff to fly them for themselves.

- **from Beak to Beyond! - the 2 hour experience**

Why not extend a stay with us and take things one step further. With the two hour 'from beak to beyond' experience, visitors not only get to handle and fly a large variety of birds as in the nose to beak experience, but also get a little closer to nature by taking the hawks for a walk through the woods flying them through the trees and experiencing the thrill of having them fly to them in the wonderful atmosphere, scenery and tranquillity of the Scottish countryside.

Wildlife Tours

- **Really Wild Scotland Tour**
(approximately 2.5 hours)

These tours offer a wildlife watching experience in some of Scotland's most beautiful places. Your guests can join one of our expertly guided tours to explore the Lochs and Glens in search of deer, otter, duck and geese, golden eagles and other birds of prey as well as ravens, wildcat and mountain hare (dependant on time of year). Really Wild Scotland is based in Perthshire the heart of Scotland and we will pick up from a local hotel or convenient meeting place and take guests up into the hills for a great wildlife watching experience. A range of times and options are available.
